Report on “Inter College Competition”

Rajasthan Institute of Engineering and Technology hosted a two days of fun and Knowledge filled Inter College competition. The competition was spread over different activities that helped the participant access their strengths and weaknesses in the field they were involved.

The events of the Inter college competition were efficiently organized and implemented as per plan.

- The first day of the competition, held on **21.12.2016**, had the participants compete with each other in **B-Plan** and **B- Quiz**.

B-Quiz was held for management and final year graduating students, with a team of maximum 4 members.

B- Plan provided a platform to the aspiring entrepreneurs to express their radical ideas and plan which were then analyzed by experts to determine the best idea as a winner. The participants were judged on their Idea/Concept, Product/ Services, Market Analysis, Financial Analysis, Competition, Strategy and Implementation

- On **22.12.2016**, the second day of the competition, evaluated the participants on their **Presentation & Essay skills** on the topic “**Management as a Career Option**”. There was also a competition held related to **Entrepreneurship** to discover the hidden talent and potential of the aspiring entrepreneurs.
