**RAJASTHAN INSTITUTE OF
ENGINEERING & TECHNOLOGY**

Approved by AICTE & Affiliated to Rajasthan Technical University (RTU), Kota

About the Institute

Rajasthan Institute of Engineering & Technology (RIET), a premier Technical & Management institution was, established in the year 2000. With its dedicated and committed efforts, the institution has earned the reputation of one of the best engineering and management institution in Rajasthan for boys and girls. RIET campus is located over a sprawling and lush green area at Bhankrota, Ajmer Road, Jaipur. The institute aims at providing broad based knowledge and simultaneously builds a temper for the life long process of learning and exploring. The institute offers undergraduate programs for students having technical bent of mind in Computer Science, Information Technology, Electronics & Communication, Electrical & Electronics Engineering, Electrical Engineering, Mechanical Engineering and Civil Engineering leading to B.Tech. Degree. The institution also offers PG Programs in M.Tech, MCA & MBA and doctorate programme (Ph.D). All the courses are duly approved by AICTE and affiliated to Rajasthan Technical University, Kota. RIET Campus with its own ultra modern and newly constructed buildings with state-of-the-art infrastructure consisting of Laboratories, well stocked and digital library, class rooms equipped with teaching aids & other facilities provides a conducive and congenial environment that helps flourishing the endowed intelligence in students. RIET campus has separate air cool hostels for boys & girls with the capacity of 500 students each.

RIET is proud of its faculty. In line with the objectives of the institution, the faculty comprises of a team of carefully selected and highly motivated teachers. RIET encourages its staff to make use of modern educational aids and methodologies to give the best to the students. RIET faculty members meet the highest level of professional excellence in their respective fields of specialization. Guest lecturers of distinguished personalities from industries are also planned on a regular basis, so that the students are benefited with their expertise in the field and also become aware of the expectations and requirements of the industry.

Vision

A world Class Education and Training Institute that creates a vibrant community of Intellectuals and Entrepreneurs by generating creativity, competence and commitment in their character to ensure sustainable development of society.

Mission

- To ensure implementation of best Teaching Learning Practices from around the world.
- To inculcate in learners' knowledge, environmental, ethical and value education
- To generate man power which can cope up with change in Technology and Management
- To provide need based solutions for Industry and Society.

Quality Policy

- We are committed to achievement of quality as integral part of our institutional policy by continuous self evaluation and striving to improve ourselves.
- The emphasis is on innovative teaching, continuous monitoring and evaluation through tutorials, laboratory classes and participation in co-curricular activities.
- To generate social consciousness among the upcoming technocrats/managers to meet the challenges of society and the world by accelerating ethics.

GRADED "A"
QUALITY INDEX VALUE RANKING 2019-20

Prof. Anoop Singh Poonia
Chairman, RIET Campus
25 Years of Excellence in Education Sector

There is no better way to recompense to the society than providing the most desired infrastructure in the form of modern education. Rajasthan Institute of Engineering & Technology, founded in the year 2000, marches ahead with its belief in creating personally matured, professionally equipped and service-oriented Graduates. Our vision is based on hard work, strong communication, a robust emphasis on team work and a high level of responsibility. This visionary culture allows and accentuates our technocrats not only to adopt the present day challenges but also individual duties to the society and responsibility towards the nation. A strong and dedicated team of faculty members enhance the potentials of this Institution and this contributes to the major strength of this Institution.

GREEN AND CLEAN CAMPUS
At the Heart of the City

Prof. (Dr) Saroj Hirnawal
Principal, RIET

Rajasthan Institute of Engineering and Technology, Bhankrota, Ajmer Road, imparts a learning ambience to the students which satiates their thirst for knowledge. This is made possible only by the virtue of excellent faculty members and state-of-the art infrastructure provided by the college for its students. Moreover, the co-curricular and extra-curricular programs develop the students' all round personality and prepare them to face outside world. At RIET, we have been continuously making efforts to provide value based quality education to meet emerging challenges in the present era of rapidly changing business, social and economic environment. I believe that the Higher Education Institutes are a place where Ideas germinate for the solution of issues which are critical importance for society and modern living. We, at RIET, have kept this vision in our mind in every aspect of work processes. We believe that the only purpose of higher education and research is for the betterment of the society and modern living.

RIET at a Glance

ACADEMIC

- Graded 'A' Engineering College as declared by Rajasthan Technical University, on the basis of QIV.
- Runs seven specialization of Engineering (CSE, IT, ECE, EE, EEE, ME & CIVIL) at UG level and six specialization in M.Tech. (CS, DC, PS, SE, VLSI, PE), MBA, MCA at PG Level, and Ph.D.
- Rajasthan Energy Conservation Award
- Best Technical Education Excellence Award
- International Internship.
- Telecom Sector Skill Council (TSSC) Centre.
- Entrepreneurship Development Cell and RIET Incubation Centre.
- RTU Research Centre.
- Association with leading Technologists & Industry Persons.
- International/National Seminars, conferences and Expert Talks.
- Excellent Academic Results.

INFRASTRUCTURE

- Lush Green Campus.
- State of art Academic and Research Oriented Infrastructure.
- Well equipped Laboratories with latest Technologies.
- Wi fi Campus.
- Air conditioned Library with Digital Subscriptions.
- Air conditioned Reading Room Facility.

- Air conditioned/Cooled Boys and Girls Hostel.
- Gymnasium and Indoor-outdoor sports facilities.
- Modern Seminars and Conference Halls.
- Air conditioned Cafeteria.

EXPOSURE AT RIET

- Placement Opportunity to all students.
- Campus Recruitment Training.
- Extra curricular activities.
- Industrial Visits and Tour.
- Industrial Practical Training.
- Practical Training and Project Development.
- Activities in Students clubs.
- Inter College technical, sports and cultural fest.

OTHER FACILITIES

- Indoor outdoor sports facility.
- Lab facility after college hours.
- Library and Reading Room after College hours.
- Book Bank facility.
- Medical/ first aid facility.
- NSS Unit.
- Women Grievances Cell.
- Tuition fee waiver scheme (TFWS) seats.
- Govt. Scholarship Schemes.
- Prime Minister's Special Scholarship Scheme (PMSSS) for J&K students.

Central Library

Reading Hall

Central Computer Lab

Outdoor Sports

Accommodation

Cafeteria

Transport Facility

Department of Computer Science & Engineering

The Department of Computer Science & Engineering of RIET was established in year 2000. It provides assurance of world class quality education. The Department offers Four Year B.Tech , Two Year M.Tech in Software Engineering, Computer Science and Ph.D. programme. The excellent results in university reflects the commitment of the department towards excellence.

The department has tie-ups with several companies of international repute to bridge the gap between university course curriculum and technologies as it is a discipline where technologies and solution architectures change rapidly.

Salient Features:

- Campus recruitment training classes.
- Industry visits and expert talks.
- Online tests for technical & aptitude development.
- Emphasis on practical & project based learning.
- Experienced & qualified faculty.
- 100% Placement assistance.
- Excellent infrastructure with well equipped labs.
- RTU (Rajasthan Technical University) approved Research Center for Ph.D.
- Excellent Research Guidance Support for M.Tech. Scholars.

Prominent Labs:

- Research & Development Lab
- Computer Programming Lab
- Advanced Computer Programming Lab
- Database Management Lab
- UML and CASE Lab
- Operating System Simulation Lab
- Web Development Lab
- Microprocessor and Embedded System Design Lab
- Shell Programming Lab

Collaborations:

- CISCO Networking Academy.
- Ideationology Lab, USA.

Department of Electronics & Communication Engg.

The Department of Electronics & Communication Engineering was established in year 2000, to meet the growing requirement of intellectual, practical and vibrant engineers well compatible with the industrial expectations. The department offers four years B.Tech. degree programme & Two year M.Tech. Degree Programme (VLSI & DC) along with research programme leading to Ph.D. degree in all the areas of Electronics and Communication Engineering. The department is well equipped with modern laboratory facilities and good infrastructure for imparting best practical training to Electronics & Communication engineers.

Salient Features:

- RTU Research Centre [Ph.D.]
- Creative, Innovative, Practical & Research oriented Teaching Learning Methodology.
- The department has 16 well equipped State of art laboratories.
- Laboratories are supported by advanced hardware like 25 MHz dual arbitrary waveform generator, 4 Channel 100 MHz Color Oscilloscope, Universal Programmer, 1 GHZ spectrum analyzer, 100 MHZ DSO, LCR Meter, RASPBERRY PI2 Board and trainer kits for optical fiber communication, wireless communication, DSP, CPLD, FPGA applications.
- The Department has advanced simulation and implementation software's like MATLAB, MULTISIM, PSPICE, Xilinx, ORCAD, Labtek Spice, Mentor Graphics, Code Composer Studio etc.
- VLSI lab & Embedded Systems Lab which is in great demand in Electronics Industry.
- Industrial Visits, Industrial Projects & internships.
- Campus Recruitment Training (CRT), Personality Development classes, Soft skills Training, regularly organizes conference, seminars & workshops.
- Experienced, dynamic and highly qualified staff.

Prominent Labs:

- | | |
|-----------------------------------|---------------------------|
| • Communication Lab | • Project & Research Lab |
| • Wireless Communication Lab | • EDCL |
| • Digital Electronics Lab | • EC Workshop/LIC Lab |
| • EMI & IE Lab | • Microprocessor & ES Lab |
| • Signal Processing Lab | • Central Computing Lab |
| • Analog Electronics Circuits Lab | • VLSI & OFC Lab |
| • Microwave Engineering Lab | • RF Fabrication Lab |

Department of Artificial Intelligence and Data Sciences

The Department of Artificial Intelligence and Data Sciences consists of the most advanced labs for the specialized technologies including Augmented Reality / Virtual Reality (Unity Lab), R Statistical Package Lab, Python Lab, Robotics lab with Raspberry-Pi and arduino modules, Embedded System Design Lab, IoT Lab, Hadoop and Big Data Lab etc., equipped with modern facilities like projectors and speakers to enable broadcast and multicast of lab experiments. Each Lab is designed to accommodate 20 students with 6 feet distancing as indicated in WHO guidelines of social distancing.

Salient Features:

- Industry & Research oriented Teaching Learning Methodology
- Periodic Review of Teaching Methodology to keep pace with changing technology
- Emphasis on learning through projects, design & simulation.
- Open ended laboratory problems, higher emphasis on project and project based learning and state-of-the-art courses.

Prominent Labs:

- Robotics and Automation Lab
- 3D Printing Lab
- Big Data and Hadoop Lab
- Virtualization and Cloud Computing Lab
- R Statistical Package Lab
- Python Lab
- IoT Lab
- Embedded System Design Lab
- AR / VR (Unity) Lab
- Drone Design Lab

Department of Mechanical Engineering

The Mechanical Engineering Department offers both under graduate and post graduate courses. The department has state-of-the-art laboratories especially keeping in view the requirements of the industries and the corporate world. The department trains its students to meet the ever changing challenges of modern day industries. The department also provides in - depth training in the design of mechanical components and machines using CAD/CAM environment.

Salient Features:

- Qualified & experienced faculty members.
- Learning resource centre with e-learning.
- Regular sponsored seminars & projects for students and faculty.
- Outcome based teaching learning process.
- Well equipped labs with latest equipment's.
- Great emphasis on Research & Development activities & Projects.

Prominent Labs:

- Dynamics of Machines Lab
- Material Testing lab
- Heat Transfer Lab
- IC Engine Lab
- Advanced Production Lab
- Vibration Lab
- Basic Mechanical Engineering Lab
- Engineering Drawing Lab
- Fluid Machines Lab
- CAD/CAM Lab
- Mechanical Workshop Lab
- Thermal Engineering lab

Collaboration:

- CADD Centre
- Society of Automotive Engineers, North India Section (Collegiate Member)

Department of Civil Engineering

The Civil Engineering Department was established in the year 2012. The department aims at meeting the phenomenal demand of civil engineers in the field of infrastructure development. At present the Department offers 4 year B.Tech Programme. The department firmly believes in imparting a strong hands-on experience to the courses that a student takes, and therefore places emphasis on the laboratory component, internships and projects.

Salient Features:

- Guest lectures, Seminars, workshops, site visits for overall development of students as well as faculties.
- Demonstration of latest technologies and instruments used in civil engineering to the Students.
- Highly equipped laboratories to impart practical knowledge to the students.
- Industrial oriented computer aided and building design lab (auto cad).
- Development of Communication Skills and Leadership Skills
- Emphasis on fundamentals, concept understanding, analytical & problem solving skills
- Campus Recruitment & Training Classes For Personality Development, Quantitative & Reasoning ability, Cut-in-Technology & Soft Skills

Prominent Labs:

- Surveying Lab
- Geotechnical Engineering Lab
- Road Material Testing Lab
- Computer Aided Design
- Material Testing Lab
- Structure Analysis Lab
- Civil Engineering Material Lab
- Engineering Geology Lab
- Fluid Mechanics lab
- Environmental Engineering lab

Collaboration:

- CAD Centre

Department of Information Technology

The Information Technology Department started in the year 2000. The department provides high technology oriented programs to meet contemporary needs of young minds and keep students abreast of the latest kaleidoscopic changes around the globe. This opens up new avenues for students to expand the horizons of their knowledge with every passing day.

Prominent Labs:

- Computer Programming Lab
- Advance Programming Lab
- Computer Graphics & Multi Media Lab
- UML and CASE Lab
- Operating System Lab
- Web Development Lab
- Digital Image Processing Lab
- Digital Communication Technology Lab

Department of Electrical Engineering

The Department of Electrical Engineering, was established in year 2000, and can take pride in itself as one of the oldest department to the task of advance training of engineers in the field of Electrical Sciences. Electrical Engineering deals with the study and application of electricity, electronics and electromagnetism. The Department of Electrical Engineering is a blend of teaching and research activities pertaining to core Electrical Engineering. At present the Department offers 4 year B.Tech , 2 year M.Tech and Ph.D. degrees. The department firmly believes in imparting a strong hands-on experience to the courses that a student takes, and therefore places emphasis on the Laboratory Component, Internships and Projects.

Salient Features:

- Industry & Research oriented Teaching Learning Methodology
- Periodic Review of Teaching Methodology to keep pace with changing technology
- Emphasis on Project, Design and Innovation Skills
- Emphasis on Creativity & Innovation Skills
- Development of Communication Skills and Leadership
- Emphasis on fundamentals, concept understanding and analytical & problem solving skills
- Campus Recruitment & Training Classes for Personality Development, Quantitative & Reasoning ability, Cut-in-Technology & Soft Skills

Prominent Labs:

- Power Electronics Lab
- Control System Lab
- Power System Lab
- Digital Electronics Lab
- Electrical Measurement Lab
- Power System Planning Lab
- Electrical Machine Lab
- Electrical Drives and Control Lab
- Comp. Based Power System Lab
- Power System Modeling & Simulation Lab
- Electrical Workshop Lab
- Circuit Analysis System

Department of Master of Computer Application (MCA)

Excellent infrastructure, computers with latest technology and comprehensive study material makes the Department a class apart. The M.C.A. Department helps in providing the I.T. and Computer Industry with world-class talent and creating some of the finest software professionals by providing concept-oriented subject knowledge through a high quality teaching which is supplemented with practical training.

Salient Features:

- Participation in curricular activities at National level.
- Learning beyond the class room through Projects and Practicals.
- Employability Skills Enhancement Programs.
- Industrial exposure through Industrial visits & Expert lectures.
- Recruitment Training Programmes for placement.
- Regular online test assessment for students

Prominent Labs:

- Computer Programming Lab
- Shell Programming Lab
- Advance Programming Lab
- Microprocessor Lab
- Database Lab
- Web Design Lab
- Computer Graphics and Animation Lab
- System Design and Project Lab
- Wireless Communication Lab

Department of Master of Business Administration

The Department of Master of Business Administration was established in 2004 with the prime objective of producing high caliber managers with global outlook. There is a never ending demand of productive managers in every field. In contemporary fast paced world, exceptional quality managers with relevant experience. Learning Through Expert lectures, Presentations, Case Studies, Workshops, Seminars & Frequent Industrial visits Practical Exposure, Summer Internship And Research Work.

Salient Features:

- Personality development programmes & 100% placement assistance is provided.
- With the change in time, teaching pedagogies has also changed which include-business games, role play, group discussion, mock interviews, simulations etc.
- Mentorship oriented approach to help students realize their potential

- Frequent expert interactions from diverse fields to broaden learning base
- Learning opportunities outside the classroom through industry visits, internships, project-work etc. are provided.
- Student Development Centre is designed for students on campus to achieve their academic and personal goals.

SANJAY
LAKSHMINARAYANA
IN NEWS

Research & Development Center

This Cell of RIET aims to nurture research culture in the institute by promoting research in newly emerging and challenging areas of science, engineering and technology.

Student Research Society:

To promote original research at under-graduate level for betterment of mankind, the research scholars conduct experiment almost everyday following the path of history of discoveries in physics.

Software Development Cell:

The SDC aims to provide opportunities to the students to innovate and develop solutions for real-life problems by in house software development. Which stimulate and accelerate the technical as well as entrepreneurial skills in the students.

Telecom Sector Skill Council (TSSC):

RIET-TSSC SDC is a training centre meant to produce skilled manpower in Telecom Sector to meet the upcoming demands of this industry.

Entrepreneurship Development Cell:

The purpose of Entrepreneurship Development Cell is to create awareness & promote entrepreneurship culture in the institute. RIET has association with NEN to promote entrepreneurship among students. NEN is An entrepreneurship network enabling access to mentors, investors and tools for growth.

Industry Connect & International Collaboration:

The cell aims to bridge the industry academia gap by providing collaborations with industries. Currently the institute is running an international industry laboratory on artificial intelligence in collaboration with Rentula Pvt. Ltd, USA.

National Services Scheme (NSS):

In order to inculcate the spirit of community service amongst students, there are two NSS units at RIET, Jaipur. Each Unit has one Programme Officer and 100 volunteers.

Student Activity Centre (SAC):

It is a novel initiative of RIET to harbor and harness talent, leadership skills, management skills, organizational skills of students and utilize it for the all round development of the individual.

Admission Procedure & Eligibility Criteria

All programmes are approved by AICTE and affiliated to Rajasthan Technical University Kota.

B. Tech.

- The candidate needs to have passed 10+2 with an aggregate of at least 45% marks (40% for SC/ST/OBC - NC layer candidates) in the subject combination of physics, mathematics and chemistry/computer science/Bio-technology.
- Admission in B.Tech. course is done through two categories:

1. Category A: Through Rajasthan Engineering Admission Process (REAP): Rajasthan Engineering Admission Process (REAP) is one of the state level admission procedure to admit the candidates in B.Tech UG courses. The admissions will be offered on the basis of JEE Main/NATA or intermediate merit.

2. Category B: Through College level application (Management quota): The admissions will be offered on the basis of JEE Main/NATA or XII PCM Percentage.

B.Tech II Year(Lateral Entry)

A candidate must have passed polytechnic diploma or B.Sc. (Mathematics) or equivalent exam with 45% aggregate marks (40% for SC/ST/OBC& SBC - NC layer) from an recognized institution.

Bachelor Degree Courses

B.TECH.

- ❖ Computer Science & Engineering
- ❖ Electronics & Communication Engineering
- ❖ Information Technology
- ❖ Mechanical Engineering
- ❖ Artificial Intelligence and Data Science
- ❖ Civil Engineering
- ❖ Electrical Engineering

Doctoral Degree Courses (Ph.D.)

- ❖ Computer Science & Engineering
- ❖ Electrical Engineering
- ❖ Electronics & Communication Engg.

Master Degree Courses

M. TECH

- ❖ Digital Communication
- ❖ Computer Science
- ❖ Power System Engineering
- ❖ Production Engineering
- ❖ VLSI Design
- ❖ Software Engineering

MBA

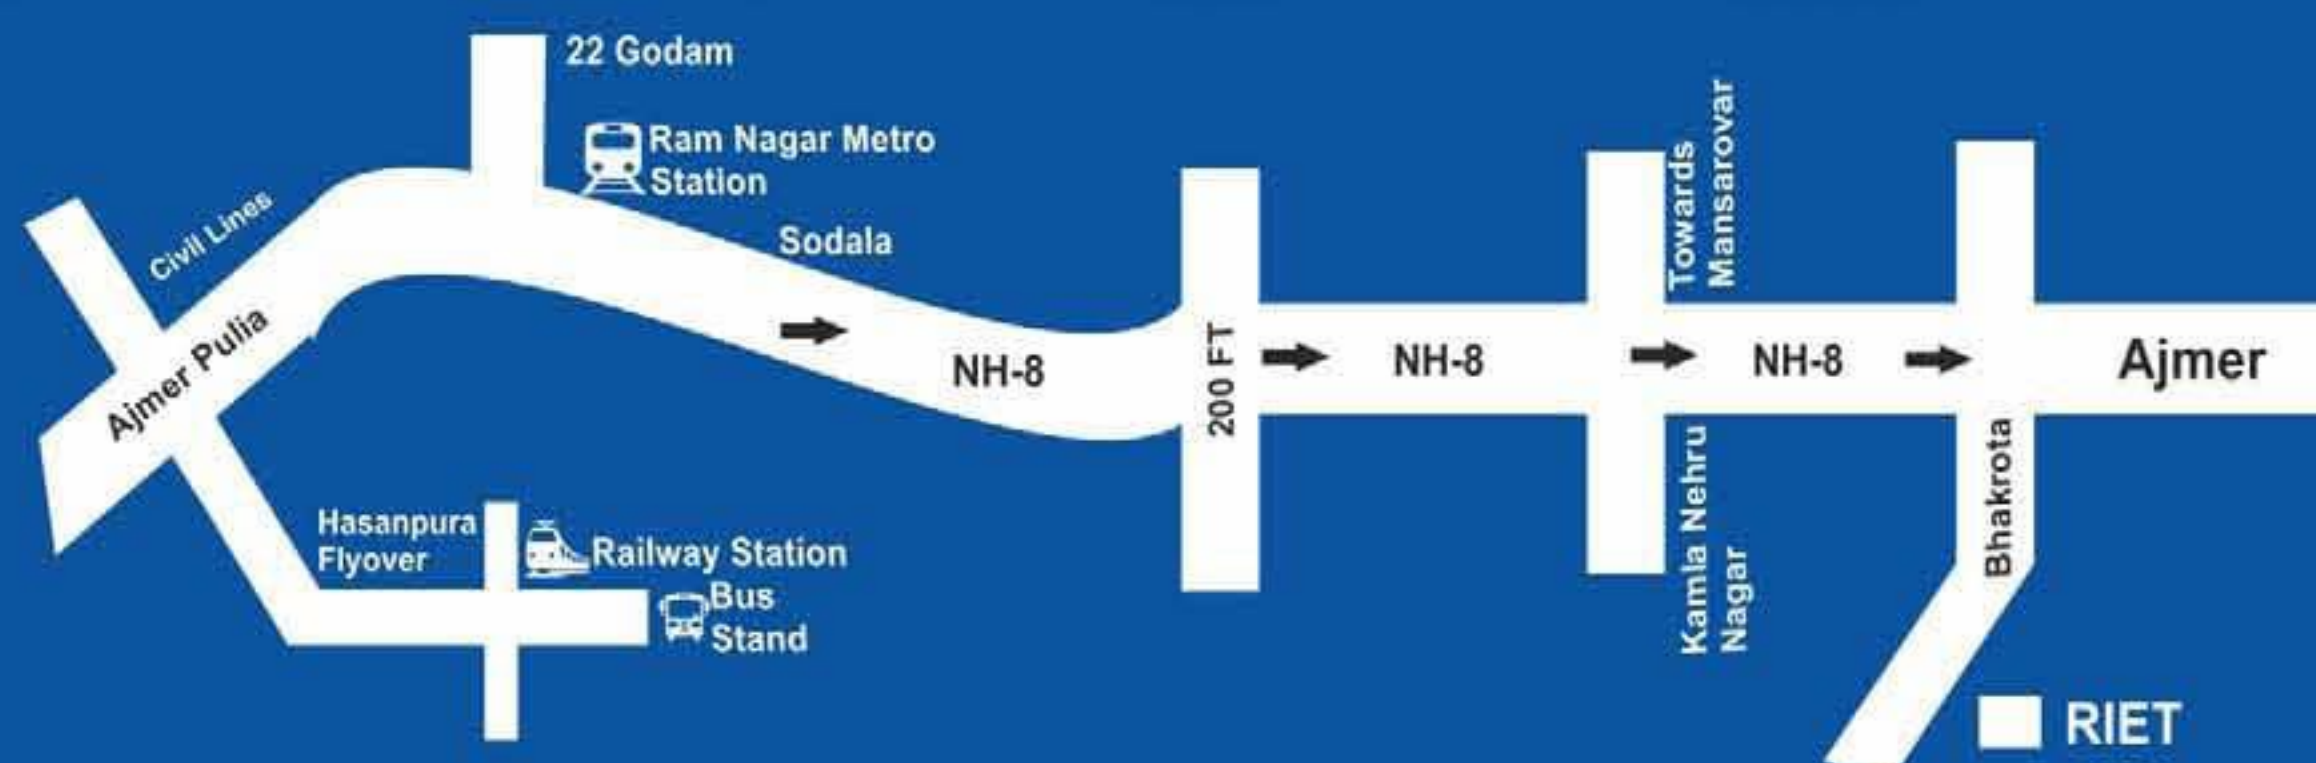

- ❖ Finance Management
- ❖ Marketing Management
- ❖ Human Resource Management
- ❖ Information Technology

MCA

- ❖ Master in Computer Application
